

Boot Toppers (aka leg warmers)

Your Gauge:

Stitches per inch

Rows Per inch

THE MATH

1. Measure the widest part of the calf (A)
2. Determine the desired length of the topper (B)

Multiply A x your stitch gauge stitches

Multiply B x your row gauge rows

THE PATTERN

Cast on (A x stitch gauge) stitches
Knit for (B x row gauge) rows
Bind off loosely

Let Knit it Now Do the math for you!

Boot Toppers Page 1 of 2

INSPIRATION

2 x 2 Rib with Rolled Edge

This creates a decorative edge and an easy, stretchy bind off for the ribbing

- Cast on for 2 x2 rib and knit the desired length.
- Transfer ribber needles to the main bed knit 8-10 rows plain
- Bind off
- Seam and hide ends

2 x 2 Rib

Seam the tube or leave a slit to fold down over the top of your boots.

- Cast on for 2 x2 rib and knit the desired length.
- Bind off
- Seam and hide ends

No-Ribber Stockinette Version

(knit sideways)

- With waste yarn and ravel cord, cast on the “B” dimension in the drawing.
- Knit for the “A” dimension
- Scrap off

- Pick up the top edge “A” dimension- approx 3 stitches for every 4 rows. Knit for 1”, knit a turning row, knit for 1”. Pick up the stitches from the picked up edge and loosely bind off
- Join the cast on and bind off edges with Kitchner Stitch to form a tube
